

Welcome to the Warren County YMCA!

We are excited to have you part of our Y family! Now that you have officially joined our YMCA online or in person, it's time to take you through the next steps of your membership.

1. Visit our front desk during open hours or call us ahead of time at 309-734-3183 so we can get your scan card activated for you or the whole family. We also have a new member packet for you at the front desk!
2. Download our app, Daxko, by scanning the QR Code below. Daxko allows you to see our class schedules and add your scan card to your mobile device. Type in YMCA of Warren County to find our YMCA.
3. If you would like to register for any fitness classes or youth programming, you can use your Daxko login that you used for the app and register online. You can find the QR Code below.

For any additional questions, please contact Emily Brooks, Membership/Youth Development Director at emily@warrencountymca.org or call the Warren County YMCA at 309-734-3183. We hope you enjoy being part of our Y family where we stand for Healthy Living, Youth Development and Social Responsibility.
